

The following metrics have been updated as of July, 2011.

The intent of these metrics are to identify areas that need more research.

One metric on it's own should be viewed with caution.

When interpreting these metrics it is important to understand the defintions of the data.

Please contact the SAU office or School Board with questions.

Note: Within the eighteen grade 12 students who missed 10 or more days are some top students with A averages and others who had significant illness during the school year.

Note: RES and RJH attendance rates both show improvement with a lower percent of students missing 10 or more days in 2010-11. For the first time these rates are below 20% at both schools.

Note: Many of the clubs and activities at RJH are open to anyone and regular membership is not required. This is similar to the situation at PHS. Thus, it is not possible to reliably track student participation. Data from band, chorus, and sports lists will still be collected.

Note: 75% of RJH students participated in school sponsored sports. This does not include students who were involved in non-school sports such as football, swimming, gymnastics, lacrosse, etc.

*Note: the percent to private school is for the graduating 8th grade for the previous year. So for 08-09, it is the 8th graders who graduated in June 2008. The total count is the # of students is for PHS only.

**Other includes military, trade school, beauty school, etc.

Note: For 2010-11 there were two students who plan to travel for a year and may attend college in the future. They are included in the other category.

Note: There was a significant drop in the percentage of RJH students planning to attend private schools in grade 9 for 2011-12.
